

Self-Service Ordering for Quick Service Restaurants

Reduce wait times, free up staff and simplify the guest experience

FEATURES & BENEFITS

IMPROVE THE GUEST EXPERIENCE: 73% of customers prefer self-service over interacting with an associate—provide the speed and convenience they demand.

REDUCE LINES: Eliminate long lines with a fleet of self-service ordering kiosks.

INCREASE ORDER SIZES: With promotions and personalized offers via loyalty scanning, you can boost order sizes.

OFFSET LABOR SHORTAGES: Free up staff to handle important tasks elsewhere while providing fast and convenient guest experiences.

ENTERPRISE HARDWARE: Ultra-sleek hardware designed to withstand the rigors of high-traffic environments.
